

10月19日

Beginning today, Monday Junbi (じゅんび) will always be to check your work from the prior week. Below are the answers for the work from last week. Check each day. In order to receive credit for today's Junbi you must enter either:

1. Corrections on last week's work.  
Leave your original answer, but type in a correction if necessary out to the side.  
If you did not complete work from last week, filling in the answers below will give you credit for TODAY's Junbi, but not for last week. To receive credit, you must complete the alternative Junbi found in the Content Library. Download the page to your notebook and complete it.
2. If no errors exist on last week's work, then at the top of the page from last week with no errors, type "perfect" or "kanpeki" in a visible location at the top of the page.
